

# HƯỚNG DẪN SỬ DỤNG “GITHUB”

Các bạn làm theo các bước dưới đây:

Đầu tiên là Các Bạn đăng ký Tài Khoản GitHub rồi Đăng nhập vào.

Giao Diện GitHub hiện ra như hình :

# Tạo Tài Khoản và đăng nhập Github

The screenshot shows the GitHub homepage in a web browser. The browser's address bar displays <https://github.com>. The page features a navigation bar with the GitHub logo, a search bar, and links for Pull requests, Issues, and Gist. A large blue and yellow banner in the center contains the text "Learn Git and GitHub without any code!" and "Using the Hello World guide, you'll create a repository, start a branch, write comments, and open a pull request." Below this banner is a green button labeled "Let's get started!". On the left side, there is a user profile for "nguyenhoangquanit" with a dropdown arrow. Below the profile is a "Welcome to GitHub! What's next? (16 days ago)" section with links to "Create a repository", "Tell us about yourself", "Browse interesting repositories", and "Follow @github on Twitter". A "ProTip!" message at the bottom suggests editing the feed by updating followed users and watched repositories. On the right side, there is a "More code review tools" section and a "Your repositories" section with a "+ New repository" button and a search bar.

Khởi động GitHub và làm theo các bước trên

# Copy file cần Up

The image shows a screenshot of a web-based Git interface. At the top, there is a navigation bar with a logo, a dropdown menu labeled "master", and two buttons: "Changes" and "History". The "Changes" button is circled in red, and a red number "1" is written next to it. Below the navigation bar, there is a dark grey bar with a "Compare" dropdown menu and a "P" icon. The main content area is divided into two columns. The left column shows a list of repositories: "repositories", "agemap", "uyenHoangQuan", "w-repo", and "uyenVanA". The "uyenVanA" repository is selected, and it shows "0 changes". The right column shows the "No local changes" message, which is circled in red, and a red number "2" is written next to it. Below the "No local changes" message, there is a link "open this repository in explorer?". At the bottom of the left column, there is a "Commit to master" button with a checkmark icon.

The screenshot shows a GitHub repository interface. At the top, it displays '2 commits', '1 branch', '0 releases', and '1 contributor'. Below this, there's a navigation bar with 'Branch: master', a 'New pull request' button, and buttons for 'New file', 'Upload files', and 'Find file'. A dropdown menu shows 'HTTPS' with the URL 'https://github.com/nguyen'. A red circle highlights the 'Copy to clipboard' button next to the URL. Below the navigation bar, the repository name 'nguyenhoangquanit' is shown, followed by a list of files: 'Bai1 trang 95', '.gitattributes', and '.gitignore'. The file list shows the commit history for each file, with the latest commit being 'Added .gitattributes & .gitignore files' 12 minutes ago. A red handwritten word 'Chọn' is written over the file list. At the bottom, there's a prompt to 'Add a README'.
